

Breast Oncology Program

The **Tri-Cities Cancer Center** offers a **Breast Oncology Program**, providing world-class care right here in our community. Patients who are referred to a provider within our Breast Oncology Program will be provided with comprehensive care including:

- A multidisciplinary approach to care
- Nurse Navigation
- Access to clinical trials
- Adherence to national guidelines of care
- Timely treatment and improved outcomes
- Prevention, early detection and education

This program is being launched in partnership with Lourdes Health Network and includes participating physicians from Kadlec Regional Medical Center, Trios Health and Columbia Basin Hematology & Oncology.
